** GS1 US annual renewal fee is mandatory to retain Prefix. BCG annual fee is optional.

Bar Code Graphics is a certified GS1 Solution Partner to provide companies assistance obtaining, managing and creating UPC barcodes. GS1 US is the US organization, which establishes identification standards for various industries (i.e. retail, healthcare) and licenses unique GS1 Company Prefixes, which are necessary to create UPCs.

Companies need to assign unique UPC barcodes for each product they sell, and this includes differences in sizes and colors. In order for companies to obtain UPC barcodes, they must join GS1 US, whose fee structure is based on the total number of UPC barcodes needed. By joining GS1, you will get your own licensed GS1 Company Prefix and a listing of assignable UPCs. In addition, you will have access to the GS1 US product data repository (Data Hub), so you can store and manage your UPC product information.

Our GS1 Barcode Services provide the necessary customer and technical support you need to properly identify and barcode your products. With 9 certified GS1 Barcode Professionals on staff, an in-house digital label printing department, and the only certified application to create precise digital barcode artwork, Bar Code Graphics is uniquely qualified to assist. Our GS1 Barcode Services include the following:

Expedite Obtaining GS1 Company Prefix:

- Obtain unique licensed GS1 Company Prefix to create UPC assignments
- Establish company specific account at GS1 US Data Repository (Data Hub)

UPC Management:

- Assist in assigning UPC numbers (GTINs) and calculating check digits
- Assist assigning GTINs to outer packaging, when necessary
- Provide template to add product data to GS1 data repository
- Validate and upload UPC data to GS1 data repository

Facilitate Barcode Identification:

- Single sheet of printed UPC labels is provided for each assigned UPC
- Provide 1 digital barcode file for first UPC. Additional GS1 certified digital barcode files available from www.createbarcodes.com \$10 each.
- Assistance with barcode location for products and packaging
- Assist with Amazon barcode label marking, when necessary
- 50% discount on standard UPC barcode testing fees. (Standard fee \$50)

For companies who have existing licensed GS1 Company Prefixes, we offer the above UPC Management and Facilitate Barcode Identification services.

GS1 Barcode Service Agreement and Terms

The following agreement between, Bar Code Graphics, 'Service Provider' and 'Client' for services related to; Obtaining, Managing and Creation of UPC barcodes issued to 'Client' by the GS1 US.

Description of Services

Acting as an agent on behalf of Client, the Service Provider will complete and submit membership application to the GS1 US in Client's name as listed applicant. All payments for GS1 US membership, and renewals will be made by Client. Client agrees to review and accept terms specified by GS1 US.

Upon receipt of Company Prefix Certificate and Welcome email by GS1 US, Client will notify Service Provider of Company Prefix assignment. Service Provider will assist in managing UPC/GTIN data and facilitating barcode marking on products. Digital barcode files and/or printed labels will be furnished as indicated by product selection.

Terms and Fees

Service Provider will monitor Client's GS1 US Account and will assist with managing UPC's for a period of (1) year following the issuance of original UPC Assignments.

Service Provider will notify Client within (30) days of annual renewal fee being due.

Client can choose to have Service Provider process renewal, and continue to provide Professional Services related to this agreement, or Client can renew directly with GS1 US, and terminate this contract. All services provided under this agreement will be considered delivered by Service Provider and no further services will be provided in the event Client renews directly with GS1 US.

Client completion of placing an order executes this agreement confirms understanding of required total fees required; GS1 Membership fees, Bar Code Graphics GS1 Service Fee, as well as associated annual renewal fees. GS1 US does not endorse individual companies but provides a listing of certified Solution Partners.
